ABOUT

Motivated and ambitious computing professional with strong communication, leadership, and problem-solving skills, along with a strong desire to continuously learn and adapt to emerging technologies. Seeking opportunities to enhance technical expertise, gain practical industry experience, collaborate with professionals, and contribute to innovative projects while continuing to grow within the field of computing and technology.

EDUCATION

BSc(Hons) in Computing & Information Systems

June 2021 - April 2026

Sabaragamuwa University of Sri Lanka

- Faculty of Computing, Department of Computing and Information Systems.
- GPA: 3.40/4.00 (Second Class Upper Division)

GCE Advanced Level Examination

Jan 2011 - Aug 2019

Jaffna Hindu College , Jaffna

- Physical Science Stream

EXPERIENCE

Intern Software Engineer - Sri Lanka Telecom

Aug 2024 - Jan 2025

- Technologies: Docker, Front-end, Quality Assurance

PUBLICATIONS

6th International Conference on Advanced Research in Computing (ICARC), 2026

- Title: Explainable AI-Based Automated Grading of Essay and Multiple-Choice Student Responses Using Embedding-Based Semantic Similarity
- IEEE Xplore : [Link](#)  ResearchGate : [Link](#) 

Computing Undergraduate Research Symposium (comURS), 2026

Best Paper Award (Data Science Track)

- Title: Automated Evaluation of Responses Using Embedding-Based Similarity with Explainable AI Support: A Comparative Study of all-MPNet-base v2 and all-MiniLM-L6-v2

KEY PROJECTS

Portfolio Website

This website is to exhibit my skills, experience, and projects in an organized manner.

Technologies : HTML , CSS , JavaScript , ReactJS

Website Link :- shankar-mahendran.netlify.app

Food delivery website for restaurant (Individual)

A website for ordering favourite meals online within a rich and diverse of menu of that restaurant. **Demo Video** 

Technologies : HTML , CSS , JavaScript , ReactJS

Github link : github.com/shankarr-rm/Food-Delivery

Visage (Sri Lanka Telecom)

Visage is an advanced facial recognition-based employee tracking system and with it's intuitive interface and robust feature set, Visage provides the tools to efficiently manage employee activities

Link : <https://visage.sltdigitallab.lk/index.php>

The Smart Attendance System (Group)

A Smart facial recognition camera scans students' faces, matches them with existing records, and logs attendance automatically upon verification. **Demo Video** 

Technologies : HTML , CSS , JavaScript , ReactJS, Firebase

Github link : github.com/shankarr-rm/Smart-Attendance

PARTICIPATIONS

- Participated for the Inter- University Karate Tournament on 2021
- Participated for [CodeSprint 8](#) which was organized by the IEEE Student Branch of IIT
- Participated for Devthon 1.0 which was united by UoM Leos and SLTC Leos.

EXTRA - CURRICULAR ACTIVITIES

- IEEE Young Professionals Sri Lanka- Y2NPro SriLanka Section- Public Visibility Coordinator **2024**
- IEEE YESIST12-Ambassador **2024**
- IEEE Power and Energy Society- SriLanka Chapter- Volunteer of professional activities **2025**
- Generation ALPHA - Student Volunteer **2025**

TECHNICAL SKILLS

HTML, CSS, Java, Javascript, React JS, Node.js, PostgreSQL, Python, C programming,
Git, GitHub, Postman, Figma, Trello, Docker
SDLC, OOP Concepts, Bug Reporting, Agile Methodologies

SOFT SKILLS

Leadership, Time Management, Problem Solving, Strong Analytical Skills, Team Work, Self-learning

REFEREES

Prof. BTGS Kumara

Professor in Computer Science,
Department of Computing and Information Systems,
Faculty of Computing,
Sabaragamuwa University of Sri Lanka.
